Home clubs must offer the option of post-match hospitality, including a post-match meal, to visiting teams and match officials only where travel is from outside of the home Branch. Visiting clubs must notify home clubs sufficiently in advance if they do not require post-match hospitality to avoid un-necessary arrangements.

Home clubs must provide showering facilities when hosting out of province clubs.

4.11 Match Day Responsibilities

Further competition specific regulations related to the match day are contained in the applicable regulations (see Appendix A – EYHL Regulations, Appendix B – Cups Regulations).

5. PITCHES

All matches are to be played on synthetic pitches, the only exception being for Challenge Cup which may be played on shale, provided the pitch is the regular home surface. It is the responsibility of the home club to ensure the markings, goals and nets are satisfactory.

The pitch must be available to both teams for a minimum of 15 minutes warm up time (20 minutes for IHL matches) prior to the scheduled start time.

Additional competition regulations related to pitches for IHL matches are included in Appendix A – EYHL Regulations.

If the pitch facilities are inadequate, the umpires and/or Official, may direct that the match be postponed, or the venue changed. Timekeeping will be controlled by the Umpires whose responsibility will be to signal the end of any period of regulation time. Quarter time breaks to be 2 minutes and the half time OF 7 minutes or a duration which has been clearly agreed between the umpires or officials and teams prior to the start of the game.

Where a ground clock is available and in use, it is for spectator information only and not the official time of the match. It is recommended that any such spectator clock is stopped one minute before a quarter time and the end of the match to avoid any player or spectator confusion.

7. ABANDONED / SUSPENDED MATCHES

Once a game has started, the decision on whether it should be abandoned rests with the umpires. A match is considered abandoned if it cannot be completed on the same day that the match was started.

For the avoidance of any doubt, if a match is suspended temporarily and completed later in the same day, the match will resume at the same score line and elapsed time as when it was suspended, with the same team of players.

If a match is suspended temporarily the Official (if one is in place, otherwise the umpires) may then decide to abandon the match, at their discretion.

In the case of floodlight issues or failure, sufficient time must be given to the restarting of the lights for technical reasons and every effort must be made to restart the game.

When a game has been abandoned, the Match Card is completed and signed and returned to Hockey Ireland in line with the procedure for completed games (see Appendix A – EYHL Regulations, Appendix B – Cups Regulations).

Abandoned matches must be arranged through the Outdoors SG, in liaison with the HI Competitions Manager. The re-scheduled match will be played in its entirety from the start.

8. BAD WEATHER PROCEDURE

For all HI Club Outdoor Competition matches, clubs must follow the Hockey Ireland Bad Weather Procedure (see Appendix G). The Bad Weather Procedure provides guidance on actions to be taken by both clubs in the days prior to the match and on the match day itself.

9. RE-FIXING ABANDONED OR WEATHER POSTPONED MATCHES

The Outdoors SG will set the re-fix date for any postponed or abandoned matches.

The Outdoors SG will seek to communicate the new date within 3 days of the match being abandoned, subject to being able to successfully address any conflicts in the Calendar.

Once the re-fix date has been notified to both clubs, the home side must lead the process to agree the new time and ensure it is updated on Gameday and the IHUA Appointments System and emailed to the HI Competitions Manager no later than 14 days before the match date or within 48 hours of being notified of the new date, if the match is within 14 days.

The Outdoors SG may, in exceptional circumstances, decide that a postponed or abandoned match does not need to be re-scheduled and played. In such a situation, the Outdoors SG will decide the outcome of the match, applying the principle of fairness to all clubs in the competition.

10. COMPOSITION OF TEAMS FOR MATCHES

10.1 Number of Players

A maximum of 18 players may be used by each club in each match (of whom 2 must be goalkeepers in full goalkeeping equipment). If a team chooses not to include a second goalkeeper on the bench, then they are limited to 16 players (in line with FIH Regulations).

manager, to enter the field of play to assist and remove the player concerned from the field of play as soon as it is safe to do so.

If any person from the team bench enters the field to attend to a player other than the goalkeeper, that player must leave the field of play and return to the team bench area for a minimum of 2 minutes. The player required to leave the field may be substituted, subject to the provisions of the Rules of Hockey. However, if a team has decided not to put a reserve goalkeeper (in goalkeeping equipment) on the bench then no time will be allowed to pad up another player.

If blood staining to the field of play occurs, then immediate cleaning must take place by rubbing with a cloth soaked in 80% alcohol solution for approximately one minute. It is the responsibility of the home team to carry such a solution.

Where a new club joins the EYHL, a derogation for the location of the EYHL logo may be granted and only if the shirts are not being replaced and the EYHL reserved spot is committed under contract to an existing club sponsor. Failure to display the EYHL logo on both sets of the full clothing will be liable to a fine.
